

## Parents

Thank you for allowing your child(ren) to participate in Kidz Club each week! We are excited to come along side you as we help you in discipling your kids.

In order to make Kidz club an valuable experience for your kids, we have a few details that we need you to be aware of.

Your kids will come home excited about what they have learned and experience at Kids Club. Please encourage your child and take an enthusiastic interest as they tell you about their night or recite the verses they learned.

It is not required that you work with you children throughout the week to memorize scripture, but they will be so much more successful if you commit to making it part of your daily routine.

Each child will receive a book that will help them with their memory work. Please make sure they remember to bring the book each week. If you are worried about remembering each week, there will be a place your kids can leave the books at church, however we recommend that it is taken home and used throughout the week.

Your Childs book will be given to them free of charge. However, if the book is misplaced or damaged, there will be a \$10 charge for a replacement.

The books that we will be using are part of the AWANA curriculum. If you are not familiar with AWANA, they traditionally have incorporated the use of uniforms and badges, much like the Scouts have used. We will not be using the uniforms or badges this year. However, your children will still earn points with their participation, and those points will be able to be redeemed for prizes at our Kidz club STORE each month.

We have three special event nights planned for this year, and we would love for all parents to join us for these special nights. Please plan to join us:

December 20	Christmas Party
February 28	Grand Prix Race Car Night
April 25	Final Night - Awards, Carnival & Ice Cream Sundaes

There are many activities going on at Harvest on Wednesday night, so for safety of our kids, we will not allow the kids to leave the gym until they are picked up by an approved parent or adult. Please come into the gym each week too pick your children up. Thank you for your help in keeping all our kids safe.

Thank you again for participating in Kidz club! We look forward to seeing how God is going to work in the lives of our kids this next year!
